HORTICULTURE DEPARTMENT

Superintendent: Margaret Larson - Phone: (507) 220-5027

Guidelines

Snap Beans – Harvest before constrictions appear between seeds, when seeds are about half grown. Ends of pods should not be broken off in picking. Pods should be uniform. Pods may be wiped clean but not washed.

Beets, Carrots, Parsnips, Rutabagas – Root crops should be mature but not over-grown, pithy or coarse in texture. Tops trimmed off 1 – ½" above-crown. Side roots trimmed off but not the tap root. Roots carefully washed but not scrubbed.

Broccoli – Heads should be dark or purplish green and compact. Avoid yellow flowers in head. Stems cut about 5 inches from top of head.

Cabbage – Stems cut about ¼ inch below the head. Remove blemished or broken leaves but care should be taken not to peel the heads too much. A few outside wrapper leaves are desirable. Specimens may be washed.

Cauliflower – Heads should be white, compact and free of small leaves and ricy texture. Stems cut so as to leave 4 to 6 leaves. Outer leaves trimmed 1 – 2 inches above the white head. Use soft bristled brush to remove dirt from heads.

Cucumbers Pickling – Select fruits 3 – 5 inches long. Specimens should be the same stage of maturity and uniform in size, shape and color. **Slicers** – Select fruits that are straight, dark green and 6 to 10 inches long. They should be uniform in size, shape and color.

Kohlrabi – Roots removed just below the ball. Remove all but the upper 4 – 6 leaves. Select specimens that are uniform, medium size and not hard or woody. Skin should be easily punctured by thumbnail. They should be clean but not washed.

Onions – Have specimens mature and thoroughly cured. The neck should be small. Do not peel to give slick appearance. Only such outer scales that are broken or discolored should be removed. Small basal roots should be left intact by trimmed to a uniform length of ½ inch. Wipe or brush but do not wash.

Potatoes – Tubers should be uniform in size, shape and color. Washing is permitted but do not blemish the skin by scrubbing. Avoid specimens with defects or disease.

Rhubarb – Select specimens that are straight, uniform and unblemished. Stalks should be pulled from the plant, not cut. Trim leaf blade to about one inch above the stalk.

Summer Squash – Select small to medium size fruits when the rind is soft and easily punctured with a thumbnail. Leave about ½ inch of stem and wipe fruits clean.

Winter Squash and Pumpkins – Select mature specimens where the rind resists the pressure of the thumbnail. Fruits should be free of defects. Leave stem attached to the fruit.

Swiss Chard – Select plants that are fresh, crisp and have bright green leaves. Trim off roots and trim butts to a pyramid shape. Trim off diseased and broken leaves on the outside until the color is uniform.

Tomatoes – Select fruits that are uniform in size, shape and color. Remove stems. Fruits should be perfectly shaped and free of cracks or bruises.

FLORICULTURE DEPARTMENT

Superintendent: Mona Henkels - Phone: (507) 425-3117

You may drop off exhibit at north end of building.

DIVISION D

1. Exhibitors may enter exhibits in any class and lot, but each exhibitor will be allowed only one entry in each lot number or division of lot number.
2. Exhibitors will be judged on quality, condition of exhibition material, arrangement, and newer varieties.
3. No premium will be awarded on entries not listed in the premium list.

Suggested Scale For Arrangements:

Design principles (Balance, dominance, contrast, rhythm, proportion and scale)	40
Suitability to theme and schedule	20
Distinction	10
Originality	10
Condition	20

CLASS 1 - CULTURAL SECTION

1. The number of specimens required follows each class. A bloom is one flower without side bud, but with own foliage. There should be no foliage in the water. In Class 1, containers are furnished to exhibitors.
2. A stalk is a main trunk with flowers, buds, and foliage. A spray or cluster may be a side branch or main stem with many flowers in a head. Flowers such as hemorocalles and hosta do not have foliage on the flower stalk.

NEEDLE CRAFT

DIVISION G

Superintendent: Mary Mesner – Phone: (507) 836-6172

The judge is instructed not to award premiums unless the articles are worthy of merit, not to articles borrowed, or purchased for competition, or those incorrectly entered. Soiled or unfinished articles will not be received or entered for premium by the superintendent in charge. Please confine yourself to articles enumerated in the premium list. All articles exhibited must be the work of the exhibitor. Exhibits must be made within the last two years. Picture size is determined by measuring the work area.
